| • Power Blower | Pruning |
| • Aerator | |
| • Turf fertilizer | |

BENEFITS OF CERTIFICATION

- Promotes professionalism within the landscape industry.
- Provides national recognition
- Validates landscape skills.
- Creates opportunities for career advancement in the industry.

RECOGNITION

Your company is registered as an employer of Certified Landscape technicians and welcomed to advertise as such.

Persons who pass each test will become Certified Landscape Technicians receiving a numbered certificate and Id card.

TEST PROCEDURES

TESTING BEGINS WITH A WRITTEN TEST FOR EACH CORE.

Applicants then begin a series of timed problems supervised by one or more judges. Most problems require applicants to install or maintain sample landscape projects.

At the end of each timed session, the applicant rotate to another work station. This process continues until the end of the testing.

Applicants must pass every problem in order to become a Certified Landscape Technician. Those who do not pass may retake the failed portions during the next test.

On test day it is require that each applicant present a valid state drivers license, have on steel toe work boots, sleeved shirt and long pants (*no tank tops or shorts*).
